

## **Boles Property Management**

**Snow Plowing Schedule for vehicles that need to be moved prior to plowing**  
**Plowing will occur whenever there are 2 or more inches of snow on the ground.**

Lots will be plowed as needed to allow access in and out of the lot. Once it has stopped snowing, please remove your vehicle from the lot by the time listed below for your address. If it has stopped snowing by 7 AM, then your lot will be plowed that day; if it has not stopped snowing by 7 AM, then we will return the next day to plow.

## **When in doubt: Move your Car!**

**Make sure to leave your car(s) out of the lot until the plowing is done.**

\* Roberts & Prescott: It is not necessary to move your vehicles. Vehicles that have not been moved will not be towed; however, for a cleaner parking lot, it is better to move your vehicles until it has been plowed.
